A Brief Primer on How to Access and Use Oil and Gas Resources

on the Ohio Department of Natural Resources Website

https://ohiodnr.gov/home

Scroll down until you can view the middle of this page - Look for the Meet Our Divisions Section

Then use the forward and back arrows until you see box labeled Division of Oil and Gas Resources

Click on that box (or type in the address immediately below) which will bring you to the Home Page of the Division of Oil and Gas Resources

https://ohiodnr.gov/discover-and-learn/safety-conservation/about-odnr/oil-gas/oil-gas

MEET OUR DIVISIONS

Office of Coastal Management

The Office of Coastal Management protects and restores the resources of Ohio's Lake Erie coastline and

Division of Oil & Gas Resources

Regulating Ohio's oil and natural gas industry and protecting all Ohioans and our environment while ensuring the state's

Well Locator

Press the Well Locator Tile

Find and click the green Launch button on the top right of the page

LAUNCH 🗷

Click thru the user agreement and the begin using the +/- buttons top right of the map to hone in on the county/township/section that you are interested in viewing

For further granularity explore/ experiment with the Legends and Layers features listed vertically on the left hand side of the window one handy modification you can make is to uncheck the Wells by Status (Active) box - this will allow you to remove shallow vertical wells from being displayed, thus only deep horizontal wells will be depicted.

Under the Search/Select a Layer, you can also search by Oil & Gas Wells, Well Pads, Core Samples, Unitizations, Parcel Search and **Township Search**

Horizontal Wells Weekly Activity Reports

TOP RESOURCES

Horizontal Wells - Weekly Shale Activity Reports

Press the Horizontal Wells Tile

This will bring you to the main Shale Activity Reports page - toward the middle part of this page in green print you'll note 4 hyperlinks to different reports:

- the first will be for the current week's report of the Utica/Point Pleasant Shale permitting report
- the second will be for the consolidated list for Utica/Point Pleasant Shale permitting reports since the beginning of the play
- the third will be for the current week's report of the Marcellus permitting report
- and the fourth will be for the consolidate list for the Marcellus Shale permitting report since the beginning of the play

Shale Activity (Weekly reports as of September 3, 2022)

General Information

Expand All Sections

Click here to download the weekly Utica/Point Pleasant Shale permitting report.

Click here to download the combined Utica/Point Pleasant Shale permitting report.

Click here to download the weekly Marcellus Shale permitting report.

Click here to download the combined Marcellus Shale permitting report.

Well Database

Click the Well Data Base Tile

Click on the green Launch button found towards the top right corner of the page

LAUNCH 🗷 Online Database Search

This will bring you to a generic database search page - use the drop down menus under the Reports button on the top left hand corner of the page - enter the data that you have in the boxes provided to commence your search.
